

The Blakesware Bugle!

 Newsletter of the 'The Haymakers Survey'

May 2008

Novel launch

The limited first edition issued on 1 May 2008. Do please visit our novel page for further details. Only 2,100 copies of the first edition have been printed - so don't miss out. We've set up a Reader Review section, so you will be able to have your say or view other reader's comments.

To celebrate the launch, we've written to a whole host of environmental organisations and interested individuals about the project, inviting them to consider ways of helping to make it a success - such as adding a link on their site to ours.

We can achieve little on our own – our success depends very much on others! Please help spread the word.

Hertfordshire County Show

We will have a stand at the Hertfordshire County show on Saturday 24 May and Sunday 25 May. We'll be in the Countryside arena. Why not pay us a visit and meet the author in person? Free love hearts will be on offer for all Haymakers! www.hertsshow.com

We hope to be at the Cambridgeshire and Essex shows too – we'll keep you posted.

Facebook

We've set up a group on facebook:

6 billion people. One amazing survey.

Sign up if you love our Earth!

Why not become a member? Let's see if we can make it to 1 million members!

C'mon, together let's show Mother Nature we care.
